

THIS WEEK

Week commencing 20th May

Hairy Mclary

This week we will be reading 'Hairy Mclary from Donaldson Dairy' by Lynley Dodd and 'Oi Dog' by Kes and Claire Gray. These fun rhyming books will support children's literacy and language development.

Our home corner will be changing into an Animal Rescue Centre where we will learn how to care for different types of animals. In expressive arts we will use playdough to make food for the animals. During focus time we will categorise animals to support our maths, match animals to their homes and practise our phonics by learning the sound each animal begins with. Outside we will be learning to slither like snakes, hop like bunnies and stretch like cats to support our physical development and we will practise our ball skills with a game of catch. We will also use foam and bubbles to wash toy dogs. Please bring in a photo of your child's pet or a toy pet so that the children can tell us about their pet during group time.

This is our final week of this half term. We will return to Nursery on Tuesday 4th June and look forward to introducing our new activities 'Music and Movement Monday' and 'Field Day Friday'.

The Nursery Team

Cooking Monday

Banana sausage dogs

'Little Squirrels'

We'll be scampering to the woods

Focus Time

Categorising and phonics

Next Steps

We continuously work on individual next steps

Remember...

- To bring in a photo of your pet, if you have one or a toy pet to care for
- Take a copy of our new sun care policy and return the consent form
- Bring in a sun hat, water bottle and named sun cream (please label date of opening)
- Inform us of any session changes by 20th May.

How to support learning at home...

Use lots of expression when reading to your child and give each character their own voice.

Try our Termly Challenge: Grow a plant from seed.
